

Hello,
This is Privesh A. Chauhan

FOUNDER

Fly with Privesh \ PriveshChauhan.com

Journey of a Indian Student.
Who studied abroad and became a mentor.

- Your admission and visa process are our responsibility.
- I have completed my German Language Mentorship Program from Berlin, Germany.
- Later on, I have taught German Language Mentorship to Indians and Pakistani students in Berlin, Nordhausen, Frankfurt, Dortmund, Cottbus, Wismar, Weiden, Aachen.
- Parallely, we have mentored students from 29 states of India, Dubai, Saudi, Pakistan, Australia, Austria, Kuwait, Nepal for German Language Mentorship, Public & Private Uni-Applications, Visa-File-Preparation.
- Our Docs' Cover Letter, S.O.P., Financial Overview will be super strong.
- PRIVESH CHAUHAN's RESPONSIBILITY : 1001% ADMISSION & 1001% VISA.
- For Studying Abroad (    )

Intake

WHEN DO GERMAN STUDENTS OFTEN ENTER HIGHER EDUCATION?

The summer intake is in April, while the winter intake is in September or October in Germany. The German winter admissions cycle typically begins in September or October and finishes in February or March.

Many schools and programs welcome new students during this period, so prospective students have many opportunities to choose from. Midway through July is often when colleges' application deadlines for the winter or September intake close.

If you miss the application deadline for Germany's winter intake, you can still apply for the country's summer intake, although your choices will be more limited. The admissions cycle for the summer (or April) period concludes in the summer (July or August). Midway through January is often when institutions stop accepting applications for the summer semester.

Step by Step Process

STEP 1

Profile Evaluation

STEP 2

Registration at IndoGerman Education

STEP 3

University + Courses Shortlisting

STEP 4

APS application

STEP 5

Documents Arrangement CV + SOP + LOR + all academic docs

STEP 6

Uni Application

STEP 7

Receiving admission letter + APS Certificate

STEP 8

Blocked Account, Travel Insurance + Health Insurance

STEP 9

Visa File Preparation

STEP 10

Submit Visa File

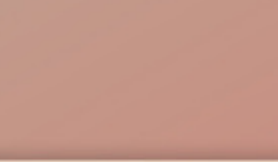

STEP 11

Visa Receive

STEP 12

Flight Tickets + Accommodation Book

Cost of Study

TYPE OF EXPENSE		COST
APS		₹18,000/-
Uniassist		₹20,000/- (75Euro for first, 30Euros for rest)
Courier		₹2,000/-
Semester contribution fees		€350 Euros
Blocked account		€11,400 Euros
Travel insurance + Health insurance		€50 Euros
Visa Fees		₹7,500/-
Flight tickets		₹35,000 - ₹50,000
Cash minimum		€1,200 Euros
Rent + deposit		€800 Euros

NOTE:
 The costs mentioned in the table are the closest estimates per the current scenario. The tuition fee, application fee, and living expenses are based on the course, college, and lifestyle of your choice.

CV

Pushkar Upadhyay

Bachelor of Technology

✉ pushkarupadhyay96@gmail.com

📍 N.T.S Barkakana, Ramgarh, Jharkhand, India

EDUCATION

Bachelor of Technology

Electrical and Electronics Engineering Birla Institute of Technology (BIT)

05/2017 - 05/2022

CGPA: 83.9

Class 12th

Radha Govind Sr. Sec. Public School, Ramgarh, India

06/2016 - 05/2017

Percentage: 69.7

Class 10th

D.A.V. Public School, Barkakana, India

06/2014 - 05/2015

CGPA: 8.8

WORK EXPERIENCE

Programmer Analyst

Cognizant Technology Solution, Noida, India

06/2022 - Present

Achievements/Tasks

- Net technology and Microsoft BizTalk Server to develop an intermediate Data Transaction Layer which permits the integration and communication among the currently deployed systems in Invesco while eliminating any dependency between the systems.
- Recognized multiple times for great performance and contribution to the project

INTERNSHIPS

Project Intern

Aviate Robotics Private Limited, Hyderabad

06/2020 - 07/2020

Tasks/Achievements

- Worked on Robotics design and control.
- Developed a Hexapod design and simulate it.
- Designed the control system of Hexapod with Arduino
- Designed a CubeSat for monitoring earth's soil. The integration of the electronics with the structure and primary payload, as well as the fabrication and assembly methods employed, and modifications for in-orbit operations are covered.
- Additionally, the design is analyzed to determine potential weaknesses in functionality or reliability and test results are presented to provide a characterization of the electrical and functional properties of the Spacecraft.

SKILLS

Team Work Accuracy Good Listening
Communication Time Management
Precise Observation Confidence

PROJECTS

Enterprise Data Warehouse for Investors Bank Applications (01/2022 - 04/2022)

- Successfully developed an independent software system developed to store the history on all activities happening in five departments of the bank
- savings accounts, credit cards, loans, stocks and health insurance. The data stored could be subsequently used for reporting.
- Demonstrated the understanding of Full Data Warehouse, ETL tools, SQL, Informatic Power center and IBM Cognos and presentation skills.

Quadcopter(Drone) (09/2019 - 11/2020)

- Built a quadcopter with Arduino and MPU 6050 which used for military Personnel's and in high voltage transmission line.

TRAININGS

Vocational Training, HEC, Ranchi (04/2021)

Industrial Skills For Electrical Engineering, Tata Power, Maithon (01/2020)

TECHNICAL SKILLS

Operating Systems

Windows 8/8.1/10/11

Programming Languages

Python, Java, SQL, Machine learning, Matlab

Software

Anaconda, Matlab, Autocad, Microsoft Office

Server

Microsoft Biztalk Server 2013

Database

Microsoft SQL Server 2012

CV

INTERNSHIPS

Project Intern

Bharmastra Aerospace

06/2021 - 07/2021

Tasks/Achievements

- Study of CubeSat Subsystem and Design.
- The project included the study of CubeSat structure, Electronics, payloads and propulsion systems
- Designed a CubeSat for monitoring earth's soil. The integration of the electronics with the structure and primary payload, as well as the fabrication and assembly methods employed, and modifications for in-orbit operations are covered.

AFFILIATION

Chair and Founding member of the IEEE BITD Section from March 2020 to June 2021. Served as Chair of the IEEE Student Branch at my college and organized various technical and career oriented seminars and workshops while being a part of it.

Member and President of the college Electrical and Electronics Engineering society in my 4th year of college. Host various events as a part of this society. (08/2021 - 05/2022)

Have volunteered in social services events initiated by our college which is an initiative by the National Social Service (NSS).

INTERESTS

Traveling

Cycling

Solving Sudoku

Playing Chess

Swimming

Cooking

LETTER OF MOTIVATION

"Mechatronics Engineering - the gear of tomorrow". Hence, having done an admired Bachelor's in Mechanical Engineering, I would like pursue an advanced degree in **Master of Automotive Production Engineering in Technische Hochschule Ingolstadt** seeking to build robotic solutions that improve manufacturing quality, quantity and productivity. I want to manage, execute and troubleshoot electrical, robotic and automation equipment. I want to ensure that all robotic equipment is compliant with industry standards. I want to broaden my range of learning opportunities, further my mechatronics studies from designing manufacturing everything from small parts like miniature connectors to large machine tools like drill presses, designing robotic and intelligent equipment, developing products and prototypes. Managing, testing and installing mechanical and electrical systems. I want to take a product from start to finish, and design for aesthetics, functionality, and durability. A big chunk of international tech firms is planning to expand overseas in 2021. I want to participate in the development of new and better solutions based on the laws of mechatronics. I am very excited to work as Automotive Production Engineering with electronics, instrumentation and real time software engineering skills. With a core mechanical engineering education and a strong background in integrating electronics, sensors and actuators into devices, I want to be a valuable asset in a wide field of engineering. I want to involve myself in the development of products, from design and testing right through to manufacture. There is almost no product in the world that is solely electronic, electrical or mechanical in nature. With the growing capabilities of electronics, modern mechanical systems are embedded with electronics and controls. I am very passionate about **designing new products, modify existing ones, troubleshoot, solve engineering problems, bearing risk in markets, creating strategies-campaigns to sell services, products**, improving organisational reputation and the most favourite building public relations. The objective of the **Technische Hochschule Ingolstadt** courses in Control and System Theory, Electrical Engineering, Electronics, Mechanical Engineering with the corresponding laboratories, Advanced Control Theory, Applied Computer Science and Mechatronics. I really want to participate in such prime mentorship programmes which leads to advanced knowledge + skills, methodical and technical expertise in the field of Mechatronics.

My Motivation: I look forward to building my career in Automotive production engineering that will be intellectually challenging, but rewarding and provide great opportunities in the long run. I believe that I am passionate, intellectually capable, and prepared to set out on this exhilarating and challenging path. I wish to make significant real contributions to the current research projects in this field by working on innovative projects and discovering the undiscovered concepts in Mechanical Engineering. Moreover, by pursuing a master's degree in Automotive production engineering, I will turn my passion to my profession and help the industry which I work for, develop tenfold.

Ever Since young age, I have always found interest in observing how mechanics works and especially a automations have changed the world, perhaps Manufacturing engineering, Production technology and Industrial engineering turned out the subjects which I loved most which prompted me to turn my interest towards Automotive production engineering. I am very curious to be a part of this and my course is pathway for me.

During my undergraduate studies, subjects like Metrology, Production engineering and Industrial engineering, were really interesting for me and the professors also motivated me to complete my Bachelor's degree with good grades.

During my undergraduate studies, I associated myself with practical courses such as manufacturing techniques, structure of mechanics under guidance of Professor, where I learned about new techniques and mechanisms. I did not limit myself to scope of my syllabus but read as much material as I could in the library.

SOP

I am regular reader of manufacturing technologies books. This has kept me abreast with the latest developments and ongoing research in the field of Mechanical engineering sector.

During my completion of my bachelor's degree in Mechanical engineering, I started working as a Quality engineer trainee at Rane NSK Steering System Pvt Ltd. and I was bestowed upon with the responsibility of Metrology inspection and to control quality standards on production line. I saw many engineering drawings and designing's, robotics machines and mechatronic systems and how they were working. By working there, I got highly inclined towards Automotive production engineering choosing as a career for me and thereby, bettering myself as well as the firm I will work for in the future.

Reasons behind choosing **Technische Hochschule Ingolstadt**

This university has a rich legacy, one of the strongest research universities in the field of applied science universities in Germany. it currently has around 6,000 students in five faculties and offers more than 60 courses of study. The main campus is located in the centre of Ingolstadt. The second campus is located in Neu burg an der Donau.

Apart from campus covers an area of 60,000 square meters, education wise, the studying atmosphere seems simply amazing. Studying is more than just learning! Joining the will be almost a dream come true because it gives me the opportunity to gain goal-orientated with skills and be able to conceive and implement strategic and operative measures and find employment in a wide range of public and private fields.

Due to the highly research oriented and scientific approach in **Technische Hochschule Ingolstadt**, it becomes highly possible to work for me at the following posts as soon as I complete my Master's degree/ specializations:

- Automation Engineer
- Production Engineer
- Planning production management
- Technology developer

I am self-assured that my good record at my previous University and professional experience give me a strong motivation. After researching quality of education that's offered at your university, and this has been in every major issue that have motivated me to pursue this program, as opportunities offered at your university can permit my potential to grow multiple bounds.

I want to highly invest my efforts in order to successfully completing this course. I would be thankful to you, if I am accorded the opportunity to pursue my Masters study at your university and looking forward to join your esteemed university.

Sincerely,

Akash Harsora

LETTER OF RECOMMENDATION

As HOD of Mechanical Department, I am pleased to recommend Mr. Akash Harsora for admission in the Master's program at your university. I met Akash when he was a fresher in our engineering programs. For about four years, I have been an integral part of his student life. Akash has a deep passion for subjects like Industrial engineering, Thermodynamics and Manufacturing engineering. I volunteered him for several research projects. I found him a thermal engineer. During my acquaintance with Akash, he has been efficient, professional, organized, and a fantastic project leader. As a student in the classroom, he was always well-prepared and asked pertinent questions prompted by a spirit of enthusiasm for learning. He was always involved in class discussions and made significant contributions. He's also been a tremendous contributor to our team internally. His academic performance had been excellent, and with the current grades, he seems confident to clear the master's exams with a good score.

Akash constantly seeks to learn more about new topics so that in future he can help serve his clients and mitigate issues as they come up. Akash is extremely accountable to deadlines and skilled at working independently, while at the same time is proactive about contributing to the team and collaborating with his mates. Akash engaged himself as a coordinator in our college sports event. In his role, he used to keep regular checks on activity schedules. At the end, he also managed our research and development department.

During my tenure as the H.O.D, I had the opportunity of observing and working with Akash's skills. The fact that he was one of the seven students who attended a workshop on technical quiz which had held at our institute. Based on my long association with him, I would rank him as one of the best students we ever had. Akash grasps the gist of the topic quickly and tackles the problem in a systematic way. He's also a quick learner who picks up new technology with great speed.

Moreover, he seems to be passionate toward leadership skills. I am confident that Akash will prove his worth at your institution and justify all the features expected from a prospective student. He has the capacity to work effectively and efficiently in a group as well as individually. I, therefore, recommended him for graduate studies in your university. I am sure that he will prove his potential and bring laurels to your institution.

Prof. Ronak Shah
Head of the Department Mechanical Engineering

PRIVESH CHAUHAN SAMPLE DOCUMENT

LOR

LETTER OF RECOMMENDATION

I am Prof. Privesh Ashwinsinh Chauhan, Founder of IndoGerman Education and a German Faculty in India. I had the pleasure of teaching the German A1, A2, B1 level to Akash from March 2021 to October 2021, where he attended about 180 hours of study. From the first day of the class, Akash impressed me with his ability to articulate German Grammar, Learning Concepts, Texts and Vocabulary. During our time together he displayed great talent in writing emails in German. His skills in catching up with German words during listening activity have grown far more than that of his peers. He is doing exceptionally well in his German class examination.

He has a good understanding of forming German sentences, reading & speaking them very fluently. Moreover, Akash can write, speak about his ideas in German and can even listen and understand German conversation. After teaching him German course which he had enrolled for with me, we tried to register for the Goethe Institute Examination but due to the current hit of the pandemic, there were lesser seats. From our collaboration I can definitely say that Akash is a student who can surely read, write, speak & listen to the German language. I strongly recommend his German Proficiency Skills. Please do not hesitate to contact me if you require any further information or assistance regarding the same.

Wishing Akash complete success in his endeavors to obtain his Masters Program.

Sincerely,

to me

Dear Sanjana

We are very pleased to be able to invite you to the registration at Hochschule Niederrhein for the ~~winter semester 2022/23~~

With reference to your application we have to say that we are only able to enrol you, should you have completed your Bachelor's degree already and do still have the same (or better) average grade!

Please find the information regarding the enrolment into the Master's degree programme International Management enclosed.

Should you need an official offer letter for the visa application, please contact us directly.

~~15.10.2022~~

~~Notice of admission for document from 2022~~
~~Applied No. 2022021~~

Dear Ms guntupally,

We are pleased to offer you a place of study in the following programme:

M.A. International Business, Attended programme, 1. study semester.

Please decide as quickly as possible and carry out the next steps for enrolment:

- **Complete online enrolment** in the application portal
- **Submit application for enrolment** with the documentation specified by email (bewerbungsunterlagen+299552_IB@htw-berlin.de)
- **Transfer semester fee**

You will find the application for enrolment with the semester fee attached in the **application portal** as soon as you have requested the enrolment online.

This admission notice shall cease to be valid if you do not complete online enrolment, transfer the semester fee and submit your enrolment application by mail until ~~15.10.2022~~

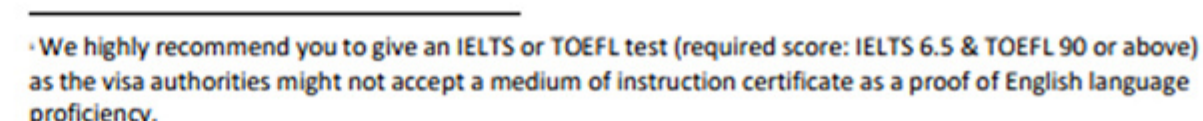

Enrolment is only possible for the programme and semester stated above.

Information on this process e.g. application for enrolment and the submission of documentation etc. can be found at:
<http://www.htw-berlin.de/en/studies/applications/from-admission-to-enrolment/>

Information for new students can be found here:
<https://htwb.de/erstsemester>

We look forward to welcoming you to your studies at HTW Berlin.

Yours sincerely,
Your Student Service Department

4 Schritte zur erfolgreichen Immatrikulation an der BTU

- Online-Immatrikulation im myBTU-Portal bis spätestens 30.09.2023 beantragen**
Vergessen Sie bitte nicht, den Immatrikulationsantrag nach Abschluss der Online-Immatrikulation auszudrucken!
- Zahlung der Semestergebühren**
Informationen zur Zahlung der Semestergebühren erhalten Sie auf dem Immatrikulationsantrag. Bitte beachten Sie, dass die Universität keine zusätzlichen Kosten, die durch eine Überweisung der Gebühren aus dem Ausland entstehen, übernehmen kann.
- Upload der Immatrikulationsunterlagen im myBTU-Portal bis spätestens 30.09.2023**
Nach Abschluss der Online-Immatrikulation laden Sie bitte Ihren unterschriebenen Immatrikulationsantrag und ggf. weitere Dokumente (siehe Zulassungsbescheid) im myBTU-Portal hoch.
- Nachweis der Krankenversicherung**
Für die Immatrikulation benötigen wir von Ihrer Krankenversicherung eine Meldung über Ihren Versicherungsstatus. Bitte kontaktieren Sie dafür Ihre Krankenkasse. Diese bestätigt uns elektronisch Ihren Versicherungsstatus. Bewerber*innen, die privat oder im Ausland krankenversichert sind, kontaktieren bitte eine gesetzliche Krankenkasse in Deutschland. Bitte geben Sie in jedem Fall unsere Absendennummer H0000859 an.

Dieses Dokument kann unter www.b-tu.de/myBTU/verification nach Eingabe der Verifikationsnummer **9peanxJ3xzRU** bis zum Ablauf der Bewerbungskampagne überprüft werden. / This document can be checked at www.b-tu.de/myBTU/verification after entering the verification code **9peanxJ3xzRU** up until the end of the application campaign.

Ihre Bewerbungsnummer: 10010323

Studienfach: Bachelor in Informatik

Prabhat Ranjan,
geboren am 14.12.2004, Staatsangehörigkeit: Indien

1. wird im Sommersemester 2023 vorgemerkt für das oben genannte Studienfach.

2. Vor Beginn des Fachstudiums ist die Prüfung zur Feststellung der Eignung ausländischer Studienbewerber für die Aufnahme eines Studiums an Hochschulen der Bundesrepublik Deutschland (Feststellungsprüfung) beim Studienkolleg Karlsruhe abzulegen.

Zur Vorbereitung auf diese Prüfung wird der einjährige Besuch des Studienkollegs angeboten. Die Anzahl der Plätze ist jedoch limitiert. Es besteht kein Anspruch auf die Teilnahme am Vorbereitungskurs.

Voraussetzung für die Teilnahme am Vorbereitungskurs ist ein Aufnahmetest in Deutsch und Mathematik. Für die Teilnahme am Aufnahmetest müssen Sie sich registrieren unter: www.stk.kit.edu/atm.php. Die Registrierung ist vom 01.09.2022 bis 01.09.2023 möglich.

Für die Teilnahme am Aufnahmetest zum Studienkolleg benötigen Sie **Sprachkenntnisse auf B1 Niveau (GER)**. Grundsätzlich gilt jedoch, je höher Ihr Sprachniveau umso besser sind Ihre Chancen auf einen Platz im Studienkolleg. Falls Sie den Aufnahmetest nicht bestehen, dürfen Sie ihn **nur einmal wiederholen**. Der Aufnahmetest darf nur einmal pro Semester abgelegt werden.

Bitte beachten Sie: Nachdem Sie die Feststellungsprüfung erfolgreich bestanden haben, müssen Sie sich noch einmal online über das Bewerber-Portal zum Fachstudium bewerben. Bei zulassungsbeschränkten Studiengängen entscheidet das aktuelle Auswahlverfahren.

Der Antrag ist rechtzeitig zum Bewerbungsschluss beim International Students Office (ISIO) einzureichen.

Bitte beachten Sie, dass die Vormerkung nicht automatisch zu einem Studienplatz im gewünschten Studiengang führt.

Confirmation for Manish Kedia,

This is to confirm that Manish Kedia has been admitted as a full-time student at Hof University of Applied Sciences, Germany. The begin of Summer Semester is 01.09.2023.

Manish Kedia has been admitted to the program Global Management. The regular duration of this study program is about three semesters. The anticipated financial requirements for the next semesters of the program are as follows:

Administrative fee due each semester (incl. campus card, & semester bus ticket): € 100.00

3 Semesters € 300.00

Please note that this amount is the minimum requirement administration and this amount does not include living expenses. The fee may change slightly every semester and is due within a specific deadline given by the student affairs office each semester before the start of the following semester. It is not possible to pay the amount for several semesters in advance. Furthermore, please consider that every extension semester of this degree course is subject to the administrative fee.

The responsibility to cover for personal financial needs remains solely and exclusively with the students. Additional living expenses are approximately € 800 - € 1000 per month (including rent (with energy, water, furniture fee is internet) of around € 400 - € 500, health insurance around € 100 plus food and personal expenditures about € 100 per month).

The university is not able to provide any financial assistance or scholarships to international students.

Best regards
Hof University

ADMISSION LETTER

Dear Mr. Patil,

After reviewing your application for admission we are pleased to inform you that you have been admitted to study at the Otto-von-Guericke Universität Magdeburg, Faculty of Computer Science **In the MSc course: Data and Knowledge Engineering, with 4 semesters of standard study period.**

The language of instruction for the programme is English; therefore a proof of German knowledge is not necessary. Your proof of English proficiency has been checked and approved.

Enrolment will take place from March 01 to March 11, 2023 by e-mail at enrolment@ovgu.de. Please complete the enclosed "Application for Enrolment" and scan it personally signed. Enrolment can only be carried out if you also submit the documents listed there in full. Your documents for enrolment must be received by March 11 in order to be considered.

Please visit <https://www.inf.ovgu.de/int/en/Incoming> to find out more about your studies.

Arrival and personal participation in the courses is expressly desired. Also a late arrival is possible and accepted by the university.

Sincerely yours,

Admission office
Encl.

Welcome to your studies at the BTU Cottbus-Senftenberg in the summer semester 2023

internationaladmission@b-tu.de

Jan 13, 2023, 10:21 PM (9 hours ago)

Dear Amol Pramod Deshmukh,

Congratulations! We are pleased to confirm your successful application at Brandenburg University of Technology Cottbus-Senftenberg (BTU). By Monday, 16.01.2023, you will be able to retrieve your admission letter in your [myBTU](#) for applicants.

Enclosed you receive your 'Welcome Package' including all the information you need for a smooth start of your studies:

- Welcome letter
- Welcome to BTU brochure
- Flyer about our Student Union's residential campus

What are the next steps towards your successful start?

In order to start your studies, you need to enrol first. You have to complete the following steps and actions you need to take:

- 1) Log in to your [myBTU](#): accept the admission letter, and request your online enrolment by simply clicking on 'request for enrolment'. This has to be done **before Monday, 16.01.2023**.
- 2) Gather all documents that are necessary for your enrolment. For a checklist of required documents, please see [here](#). Once you have all documents ready, send them (preferably as separate pdf documents) to international+studystart@b-tu.de. The sooner you are able to send all your documents the better. The ultimate deadline for sending your documents is **30 April 2023**, however.

It is going great
Teaching method is excellent
Material is enough for exam
Feeling super confident
All in all she is a great teacher
